

FUEL TANKS

FEATURES & BENEFITS

- » Engineered with .125 OEM grade aluminum for maximum weight to strength ratio
- » 50 to 150 gallon tanks ensure multiple sizes for each diameter
- » Acid etch for uniform finish
- » Fuel cap, vent and standard fittings offer convenience and reduced cost
- » Available in 23", 24.5", 25" and 26" diameters

RELATED PARTS

- » 90-02987 Fuel Cap
- » K25-6000 Vent
- » FL9223 23" Fuel level sender
- » FL9224 24" Fuel level sender
- » FL9225 25" Fuel level sender
- » FL9226 26" Fuel level sender

Drop Tested 30 ft & 10 ft heights. Multiple tests ensure integrity.

ALL MAKES FUEL TANKS

TRP Fuel Tanks offer a cost-effective alternative to repairing or replacing damaged fuel tanks. Manufactured using a robotic process, TRP Fuel Tanks consistently meet stringent federally-mandated safety requirements. TRP Fuel Tanks are available in a variety of diameters to fit major OEM applications, including 23", 24.5", 25" and 26" diameters. The TRP line offers fuel tanks with filler necks in the right, left and center location for different fits and functions.
