

### HOSES

#### FEATURES & BENEFITS

- » Fluorocarbon lined charge air bellows with clamp saddle and flared ends
- » Hose assemblies are crimped and ready for installation
- » Three and four ply silicone-wrapped coolant hoses are reinforced with fabric to resist hardening, cracking and leaking

#### RELATED PARTS

- » Hose Clamps
- » Coolant

#### RADIATOR HOSES

TRP Hoses are engineered for the life of your truck. Turbocharger bellows are used on diesel truck engines to deliver pressurized air intake to the charge air intercooler and intake manifold. Custom designed coolant and heater hoses use a variety of reinforcements for heavy-duty pressure connections in hostile engine environments. Ideal for extreme temperatures and pressure ranges, TRP hoses continuously provide high performance levels.
