

WIPER BLADES

WIPER BLADES

TRP Wiper Blades are molded and manufactured with a highly durable rubber compound that creates an effective, quality wipe. Designed for maximum visibility, TRP Wiper Blades perform under extreme temperatures as well as resists rust and chatter.

TRP wiper blades were tested by an independent lab against several competitors' products with excellent performance results.

FEATURES & BENEFITS

- » Made with superior rubber compound, extending product life
- » Clean and quiet wipe
- » Performs in extreme temperatures
- » Resists chatter and rust
- » Winter blades contain a protective boot, locking out snow and ice
- » All steel construction for durability
